JANUARY

Be sure you observe the deadline for the Club Salute contest, the Mini Nea[illegible] and get your reservations in for the Charter Member reception.

5th REMEMBER — The 5th of February is the deadline for the March TNA NEWS

COL. CHARLES A. WINGO

PRESIDENT'S MESSAGE

As I prepare this message for January my first thought is to wish you a happy 1979!

It's good to have a brand new year to try to do all those things that one failed to do last year. As usual, I ran out of days in 1978 before I ran out of projects. I hope to do better this year!

Overall, 1978 was a good year for the TNA. We held our largest and most financially successful convention, we purchased additional major items such as display cases and typewriters to provide better service for our membership, and we have grown in size, assets and stature.

In spite of the loss of several key people from our staff of officers, we finished the year with a full staff of resourceful, energetic and dedicated people who can be depended upon to continue serving you and numismatics during 1979.

Yes, 1978 was a good year for the TNA and, as a result, we have never been in a better position to make the new year even better.

So, I end my message just as it began with best wishes to all for a happy 1979—and especially to our great Texas Numismatic Association!

DUES ARE DUE!

Your 1979 TNA dues are due! Don't delay in remitting $7.00 for regular and chapter memberships, $1.00 for associate and $3.00 for junior. Mail to: Eleanor Kennady, TNA Secretary, 2901 Silverleaf Dr., Austin, Tx. 78757.

Thank you.

We're Having a Party!! And Everyone's Invited

The remaining paid up charter members of the Texas Numismatic Association will again be honored during the 1979 convention to be held in Amarillo on Saturday, April 21, at 8 p.m. Exact location will be announced at a later date.

A Charter Member reception was held during the 1977 convention in Ft. Worth and proved to be a popular highlight of the convention. Due to the high cost of entertainment, TNA was unable to hold a second reception in Dallas last year.

Everyone is invited to attend—not just charter members—but RSVP's will be expected. Invitations will be sent this year because of [illegible] If you plan to attend [illegible] Write Miami Convention Box 4 [illegible] Tx. 78570 as soon as possible.

CLUB SALUTE!

Texas Numismatic Association wishes to honor its chapter members so the Governing Board established an award to salute the three top clubs of Texas. The awards are made annually at the Governors' and Club Representatives' breakfast during TNA conventions. THE CLUB SALUTE AWARD will carry first, second and third honors. Clubs participating must be TNA members in good standing.

Here's all you do to enter competition—submit a typewritten report of club activities during the calendar year of 1978 no later than February 1, 1979 to the TNA News Editor, Box 74, Weslaco Texas 78596 and include the following:

1. Name of club and how many members
2. When and where meetings are held.
3. Types of programs and any special programs held during the yeor.
4. Special guests at meetings.
5. Exhibiting at meetings and outside events.
6. Charitable activities and donations.
7. Coin show activities.
8. Special honors bestowed upon club or any member.
9. Describe how your meetings and shows are publicized.
10. List any ideas your club has adopted to increase interest.

Additional consideration will be given for:

1. What each club did to further and encourage numismatics.
2. Work done on a local level to increase club membership.
3. Local civic projects that enhanced the club locally and/or statewide.
4. Programs designated to continue and generate interest in the local coin club.
5. Particular actions employed to encourage junior membership locally and statewide.

GOOD LUCK!

THE ROMAN FORUM

By
Gerald W. Kendall
Houston, Texas

Caesar X, Vespian

(Continued from page 10)

[illegible] the city, [illegible] upon his death [illegible] Dear me! I must be [illegible] July 1 witnessed the [illegible] to the highest [illegible] the Roman world. This event [illegible] Vespasian in Egypt over five [illegible] before the butchering of Vitellius. By July 15 the legions of Syria and the Eastern frontier had followed suit. He was [illegible] by the Senate on December but from the July date that his coins are dated.

The coinage of Vespasian has two distinct aspects. It continues the emergency issues of the Civil War and inaugurates a new and lasting tradition in Rome. Under the Flavians for the first time, dating became a standard practice (10). Several new mints began striking. Following the outline of R.I.C. (11) we have this list.

Rome struck from December 69 to the end of the reign. Gold and silver of the first series is merely an adaptation of Vitellius. It was not until his entry into Rome that the die cutters had their first real portrait of the new emperor. The bulk of the **aes** coinage is from the mint of Rome.

Tarraco from late 69-70 to 71 struck gold, silver and bronze. All metals are rare but the bronze is extremely rare. The issues of Tarraco may be distinguished by the neat lettering and unnaturally thin [illegible] type. On [illegible] there is a [illegible] under the bust.

Lugdunum [illegible] late 69 - 73 struck gold and silver only but the bronze was [illegible] later. From late 69 to the end [illegible] Lugdunum [illegible] were [illegible] though [illegible] the [illegible] Antioch [illegible] [illegible] the bust and the [illegible] figure.

Illyricum [illegible] Aquileia struck very rare **aurei**. Struck from August through December 69. Attribution to this mint is not sure but highly probable. The portraits have little character and are small and in high relief. The reverse figures are also small.

Byzantium was the first great base of operations in the East against Vitellius. Coins attributed to the mint have no mint mark or are marked with BY and were struck from 69-71. The style is fine but slightly delicate.

Philippi (an educated guess by Dr. G.F. Hill) struck from the autumn of 69 to some time in 70 and marked the coins with O and a line. The style is lightly more rugged than those of Byzantium.

Ephesus struck in 71 and marked the issues with EPE. The style of this mint is the most delicate of all.

Antioch struck from 72-73. An unusual feature is that the **aurei** show the portraits of Vespasian and Titus. The flans were produced by chopping the ends off the ends of bars. The **denarii** show both types but the style is similar to the gold issues.

Alexandria struck in 69 and again in 72-73 but to the mint as a [illegible] only been assigned **aurei**. There are many questions raised for the debate assigning of **denarii** to Alexandria rather than Antioch.

Commagene struck 72-73 [illegible] bronze. These types [illegible] nearly those of Tiberius struck [illegible]

Upon the accession of Vespasian we find that there [illegible] were [illegible] [illegible] [illegible]

[illegible] Would the new emperor publish Rome to the center? It was [illegible] that a return to the most public of the late years of Nero was [illegible] (13) The striking of gold and silver was reserved for Rome this being under the direct supervision of the emperor [illegible] the Senate [illegible] to strike only the **aes** [illegible] by the mint at Lugdunum. There were no important modifications of Nero's reform. (14) However the new **quinarius** which had not been struck since Augustus, was restored, and [illegible] large enough [illegible] can be obtained today at a fairly reasonable price. It is [illegible] that all the issues of Vespasian were struck at regular intervals but due to the [illegible] of the types that only a few types are rare. The most common [illegible] the Judaea Capta issues are the most widely known and sought after. This series of coins was [illegible] after the sacking of Jerusalem in 70 A.D.

For nearly a decade Vespasian ruled the Empire with great patience and justice. Finally on June 24 (15) 79 in Reate he died at the age of 69 years. Almost as a drum roll in the grand finale of curtain fall on the final act of The Year of Four Caesars, Vesuvius erupted exactly 60 days later burying Pompeii under two fathoms of ash and lava.

First impressions are very important They give you an idea about what you can expect When you first walk into a TNA show you are impressed by its size TNA shows usually have 100 to 150 dealers There are educational programs exhibits and other activities It's the other activities I want to talk about

On Saturday morning a tour for all who are interested (not just the ladies) to the Discovery Center to view a special program called 'Footsteps' I have been to several showings at the Discovery Center and it's great! Later on Saturday afternoon the Kwahadi Indians will perform

There are breakfasts for Saturday and Sunday mornings You exhibitors will be especially interested in the Sunday morning breakfast where the awards are presented Of course there will be forums and other educational programs during the day Also auction

This pretty well fills up your schedule right? Wrong! The best for your days are still your nights! On Saturday night there will be a punch and cookie party honoring the charter members This is a chance to get acquainted with other members

Just imagine what it would be like to do something special for the Juniors Impossible Right! Wrong again! This year at Amarillo we are having something special for the juniors A special Pizza party The party will be on Sat night before the charter-member party (the exact time will be listed at a later date) I would like to see all the juniors attending the convention at the party

Paul Dan, of San Antonio graduated from St. Mary's University in 1927 and he has not forgotten his years at the school. To prove it, he has made a unique donation of 2,755 coins to his alma mater, according to a recent story in the San Antonio Express.

What makes the donation unique is that each coin is a gold sovereign, which was used as currency in Great Britain until 1915.

"As a member of the first graduating class, I think the school needs my support," Daly said. (He was one of only seven students in the 1927 class.)

Daly said he bought the coins in Switzerland about eight years ago as a commercial purchase and he believed the money collected from them would be used to start a student scholarship or program.

Remember George Raft who played the 'tough guy' in the movies and always posed leaning up against a wall flipping a coin? It was referred to as a half dollar but it wasn't so - it was a nickel! Lean years,

Eck Spahich Of Borger Guest Speaker In Chicago

Eck Spahich, president of the Borger Coin Club and founder of the Croatian Philatelic Society in Borger, spoke on the history of the stamps and coins of the small European country Nov. 12 in the Croatian Culture Center at Chicago. He illustrated his talk with color slides which included stamps and coins from his collection.

Spahich, a native of Croatia, is assistant editor of the Borger News-Herald and correspondent for the Globe-News.

Croatia, once a part of the Austrian-Hungarian empire, declared its independence in 1941. The Croatian government issued a number of postage stamps and coins between 1941 and 1945. The country was occupied by the Communist government of Marshal Tito of Yugoslavia at the end of World War II.

Spahich, long an American citizen and a recipient of the Bronze Star for his actions with the U.S. Army's 173rd Airborne Brigade's Public Information Detachment, was born in 1945 in Croatia.

Spahich's parents fled Croatia during the spring of 1945, but the Communists separated them near the Austrian border and he had to be returned to his grandmother in Croatia. He did not see his parents again until he was 15 years old. He was brought to Dumas by the World Church Service organization and the Presbyterian Church, which had made it possible for his mother and father to move here, too.

Discovery Center Tour Planned For Amarillo

Entertainment plans for the 21st Texas Numismatic Association convention in Amarillo April 20-22 will include a tour of the Don Herrington Discovery Center, according to Nela Runkle, entertainment chairman.

"For Saturday morning at 10 a.m. a tour is planned to the Don Herrington Discovery Center. The Center, three years old, is a planetarium but the most advanced one around. It is automated and computerized. There is a hyper hemisphere where one can sit inside a ball area and feel as if in space, viewing the solar system, stars, constellations, etc. It is constantly changing, made possible by computor. In the hallways are displays from NASA which are very interesting. A film to see will be 'Footsteps' based on the first footsteps on the moon by the astronauts. It shows the drama, beauty and significance to the life and spirit of man and what the future may bring, said Ms. Runkle.

"We're very excited about this tour and if you would care to participate, you may contact me at 4304 Jennie, Amarillo, Tx. 79106. The tour will be limited to 90 persons. Transportation to and from the Civic Center will be by bus. Juniors - you will find this very interesting - come and join us.

"The famous Kwahadi Indians will be performing at a special show during the convention. The Kwahadis are a group of Explorer Scouts who portray authentic Indian dances from all over North America. They wear authentic costumes which are very colorful and the dances draw you back to ancient villages.

Mark your calendar now for Amarillo - April 20, 21 and 22!
